RECYCLING COLLECTION GUIDELINES

Preparation of Materials

- Non-paper materials may be mixed together inside your recycling container.
- Do not place recyclable materials in plastic bags.
- All recyclable materials should be rinsed free of food with caps/lids removed.
- Paper items must be separated from non-paper items in the following fashion:
 - Bag newspaper separately or place loose in a recycle bin with other paper items.
 - Bag all other paper product items together
 - Newspaper and other paper items may be bundled and placed inside or next to bin.
- Flatten all corrugated cardboard boxes, paperboard, and wet strength carrier stock and remove any non-paper packing material.
- Cut or fold corrugated cardboard into 3' x 3' pieces, to fit into truck compartments. Please no food residue.
- To reduce the chances of materials being blown away on windy days, please place a paper bag of newspaper on top of the bin.
